

## DOLPHIN ASSISTED THERAPY WITH "GOOD VILLAGE" FOUNDATION - APPLY FOR THE PROGRAM

The choice of participants for the Dolphin Assisted Therapy programs is made on the basis of applications, after they have been received and the foundation's specialists have gone through the applications and the child's medical documentation.

**Financial grants:** „Dobra Wioska” / “Good Village” Foundation is able to give financial grants which partially cover the costs of the Dolphin Therapy Program. Please include in the application your request for such grant with suitable justification, as well as an estimate of how much this grant should cover within the general costs of the Dolphin Therapy Program. After the child has been qualified for the program by our doctors, the application is placed on the waiting list for the grant.

### Necessary medical documentation (copies should be sent by registered mail):

- An excerpt from the child's medical history
- An excerpt concerning the child's state of health from the regional ambulatory associated with his/her place of residence
- An excerpt concerning the child from specialized medical centres, in which the child is under observation or being treated
- Results of the child's last EEG test (not required for all children, made within the past 6 months)
- Picture of the child
- Other medical documentation

1. Please fill in the application form ([click](#))
2. Submit the form to the following e-mail address: [biuro@dobrawioska.pl](mailto:biuro@dobrawioska.pl)
3. The above-mentioned medical documentation should be sent by registered mail to the following address:
